### **a) Integration of the Trusted Shops Trustbadge**

The Trusted Shops Trustbadge is integrated on this website to display our Trusted Shops seal of approval and any reviews we may have collected, as well as to offer Trusted Shops products to buyers after an order has been placed. The Trustbadge and the services advertised with it are offered by Trusted Shops GmbH, Subbelrather Str.15C, 50823 Cologne.

When the Trustbadge is called up, the web server automatically saves a so-called server log file, which contains, for example, your IP address, the date and time of the call, the amount of data transferred and the requesting provider (access data) and documents the call. This access data is not evaluated and is automatically overwritten no later than seven days after the end of your visit to the site. Further personal data is only transferred to Trusted Shops if you decide to use Trusted Shops products after completing an order or if you have already registered to use them. In this case, the contractual agreement made between you and Trusted Shops applies.

In some cases, prior consent is required, e.g. via a cookie banner. Further information is available e.g. here: [www.datenschutzbeauftragter-info.de/fachbeitraege/google-analytics-datenschutzkonformeinsetzen/](http://www.datenschutzbeauftragter-info.de/fachbeitraege/google-analytics-datenschutzkonformeinsetzen/).

We use Google Analytics, a web analysis service from Google Inc., for the purpose of tailoring our website to requirements and continuously optimizing it. <https://www.google.de/intl/de/about/> (1600 Amphitheater Parkway, Mountain View, CA 94043, USA; hereinafter referred to as "Google"). In this context, pseudonymised usage profiles are created and cookies (see above) are set.

The information generated by the cookie about your use of this website, such as browser type / version, operating system used, referrer URL (the previously visited page), host name of the accessing computer (IP address) and the time of the server request are saved in the Usually transferred to a Google server in the USA and stored there. If IP anonymization is activated on this website, your IP address will be shortened beforehand by Google within member states of the European Union or in other contracting states of the Agreement on the European Economic Area. The information is used to evaluate the use of the website, to compile reports on website activity and to provide other services related to website activity and internet usage for the purposes of market research and needs-based design of these websites. Our legitimate interest in data processing also lies in these purposes. The legal basis for the use of Google Analytics is § 15 Abs. 3 TMG in connection with Art. 6 Abs. 1 lit. f GDPR.

This information may also be passed on to third parties if this is required by law or if third parties process this data on behalf of us. Under no circumstances will your IP address be merged with other Google data. The IP addresses are anonymized so that an assignment is not possible (so-called IP masking).

The data sent by us and linked to cookies, user IDs (e.g. user ID) or advertising IDs are automatically deleted after 14 months. The deletion of data whose retention period has expired takes place automatically once a month.

Google provides new controls for data storage so that you can choose between different time periods to determine the storage period (aggregated data are not affected), but the storage period should be limited to 14 months, even if Google Analytics allows a longer storage period.

You can find more information on the terms of use and data protection of Google Analytics at: [// www.google.com/analytics/terms/de.html](http://www.google.com/analytics/terms/de.html) or at [www.google.com/intl/de/analytics/privacyoverview.html](http://www.google.com/intl/de/analytics/privacyoverview.html).

These cookies lose their validity after 30 days, do not contain any personal data and are therefore not used for personal identification. If you visit certain Internet pages on our website and the cookie has not yet expired, we and Google can see that you clicked on the ad and were redirected to this page. Every Google AdWords customer receives a different cookie. This means that there is no way that cookies can be tracked via the websites of AdWords customers.

The information that is obtained using the conversion cookie is used to generate conversion statistics for AdWords customers who have opted for conversion tracking. Here, customers find out the total number of users who clicked on their ad and were redirected to a page with a conversion tracking tag. However, they do not receive any information with which users can be personally identified. Our legitimate interest in data processing also lies in these purposes. The legal basis for the use of Google Adwords / Conversion Tracking is § 15 Abs. 3 TMG in connection with Art. 6 Abs. 1 lit.f GDPR.

If you do not want to participate in tracking, you can object to this use by preventing the installation of cookies from the domain "googleadservices.com" by setting your browser software accordingly (deactivation option). You will then not be included in the conversion tracking statistics. You can find more information and Google's privacy policy at: [www.google.com/policies/technologies/ads/](http://www.google.com/policies/technologies/ads/), [www.google.de/policies/privacy/](http://www.google.de/policies/privacy/).

This information can be passed on by Google to contractual partners of Google. However, Google will not merge your IP address with other data stored about you.
